

Current Management and Research on Cut Peonies Webinar

December 18th 1:00 PM to 3:30 PM EST

Registration is open and free! Join us to learn about production practices of this globally-important cut flower. We will also share new research on postharvest handling methods and management of pest and diseases. This webinar is limited to 500 participants.

Speakers

- Dr. John Dole, NC State University
- Dave Dowling, Ednie Flower Bulbs
- Nathan Jahnke, NC State University
- Dr. Gary Chastagner, Washington State University

Sponsored by the North Carolina Specialty Crops Block Grant Program and the Association for Specialty Cut Flower Growers
