Alberta	9,995	9,709	9,253	9,652	7,562	-21.7%
<b>British Columbia</b>	200	365	212	259	316	+2.2%
Western Canada	19,628	17,289	16,869	17,929	17,311	-3.4%
<b>Total Canada</b>	45,085	40,080	40,192	41,786	38,037	-9.0%

Total Canadian Potato Storage Holdings on April 1, 2021 are 9.0% below the 3-yr. average at 38,037,000cwt. A snapshot from this same month a year ago had stocks 4.5% below 3-yr. averages so these figures show deeper reductions in supply than 2020. This is one of the lowest Stocks on Hand for several years and one has to go back to April 2011 to see lower values (when they were estimated at 37,548,000 hundred weight).
