

Advertised Prices for Specialty Crops Products at Major Retail Supermarket Outlets ending during the period of 9/23/2023 to 10/5/2023

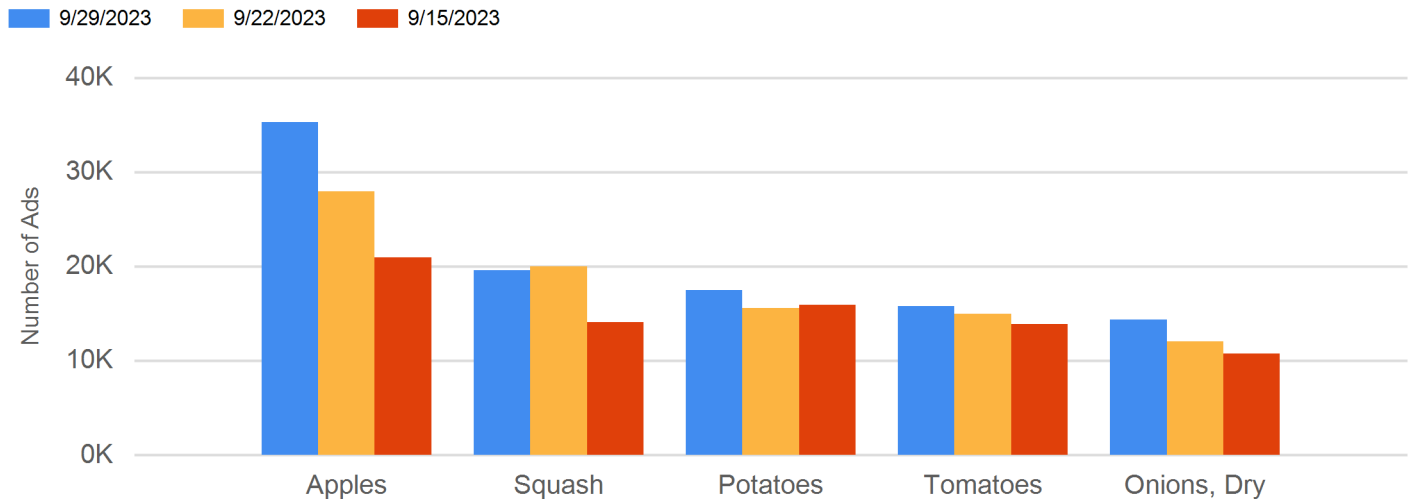

So long, September

This week we saw much of the summer produce go by the wayside as retailers filled up their bins with fall favorites. Additional varieties of apples and pears-especially those good for baking-are joining the old standbys. Cranberries made their first appearance in ads this week, adding extra fall glory to the growing array of pumpkins, acorn and butternut squashes, cabbage, and potted mums. All things pumpkin spice are heavily featured, sometimes in stand-alone sections. Halloween treats, costumes, and decorations have begun to take up more ad space in flyers.

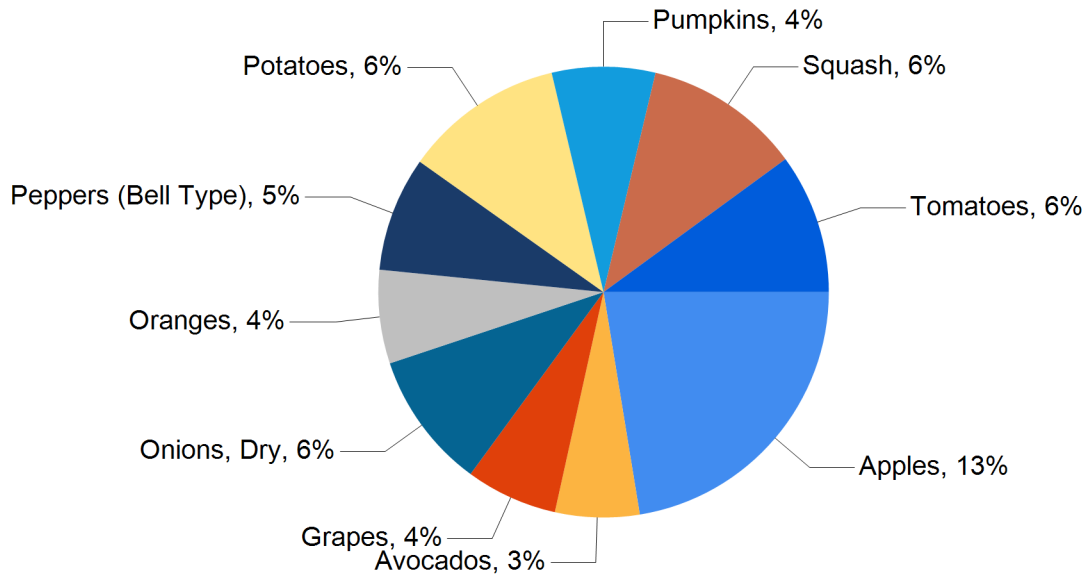

Total ad numbers this week were 291,792, a 1% increase from last week's total of 288,605. The total for the same week last year was 1% lower than for this year. The total number of ads broken out by commodity groups: fruit 140,424 (48% of all ads), onions and potatoes 32,004 (11%), vegetables 117,053 (40%), herbs 955, ornamentals 946, and hemp 1,365. The number of ads for organic produce was 41,027, 14% of total ads.

The following are the prices of major advertised items (3,000 plus ads) this week, compared to the same week last year. Significant increases in price for fruit this week included white seedless grapes at 26% and apple juice (64 oz.) at 13%. Significant decreases in price for fruit included Gala apples (3 lb. bag) at 22%, pomegranates at 16%, Gala apples (per lb.) at 14%, and avocados at 11%. There were no significant changes in price for potatoes and onions this week. There were no significant increases nor decreases in price for vegetables this week.
