

1ST APRIL TO 5TH APRIL 2019

4TH GREENHOUSE AND HYDROPONIC TECHNICAL MANAGEMENT COURSE FOR INDIA

Delish Veggies and **Graeme Smith Consulting** are pleased to announce the 4th Greenhouse and Hydroponic Training Program in Pune, India after the grand successes of our three training courses in 2017 and 2018.

We received phenomenal response for our earlier training programs due to presence of renowned international trainers from Australia and practical farm tours whereby we hosted 100+ participants from many international locations, 12 Indian states and received "extremely satisfied" feedback from all the participants.

*The course will be conducted by two highly experienced Australian industry presenters **Graeme Smith and Rick Donnan.***

The Course assists participants in:

- Understanding the principles of controlled production systems
- Using correct strategies and technologies to manage greenhouse climates and irrigation
- Understanding plant growing requirements and plant production techniques
- Developing new strategies for plant protection and integrated pest & disease management
- Understanding plant nutrition and fertigation programs
- Identifying the risks and opportunities of climate change

Course Topics Include:

- Media types & characteristics
- Nutrition & nutrient management
- Water quality and treatment
- Environmental management
- Greenhouse business and marketing plan
- Greenhouse design and layout
- Plant structure
- EC & pH
- Plant physiology
