

I AM

100%

RECYCLED

**FABRICS WITH
A MISSION**

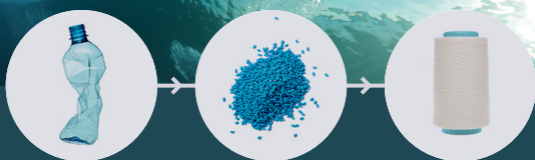

Greencare.

100% RECYCLED
AND RECYCLABLE
MATERIALS.

DEVELOPED IN BELGIUM

TOGETHER FOR A CLEAN OCEAN

ORIGIN WASTE

- Regular recycled post consumer PET
- Recycled post consumer PET from ocean waste (upcycled marine PET)
- Upcycled cotton from garments

BENEFITS OF RECYCLED POLYESTER YARNS

- Production does not require new petroleum = reduction carbon footprint
- It creates 75% less CO₂ emissions compared to virgin polyester

PRODUCTS

- 100% recycled yarns are transformed into beautiful, recyclable fabrics
- Products have the same technical performance as fabrics made from virgin polyester
- Eco-friendly fire retardant latex

ONE SOFA = ± 170 PET BOTTLES

ALL PRODUCTS ARE GRS-CERTIFIED
